

## Your trusted ally in **Dermatology Drug Development**

### Our Support Spans the Entire Spectrum of Drug Development Phases

### Advancing Dermatology Drug Development through Comprehensive Evidence-Based Solutions

Veeda Group specializes in dermatology drug development, focusing on both topical and complex routes of delivery, such as transdermal patches. Our expertise extends to conducting transdermal patch studies for bioequivalence (BE) with pharmacokinetic (PK) endpoints and adhesion studies, along with skin irritation & sensitization studies. We have a proven track record of working with both healthy volunteers & patients suffering from autoimmune skin diseases.

### Veeda's expertise in conducting Dermatology Studies:

Supporting Global Dermatology Drug Development Programs across the Globe

**11**

years of experience providing drug development solutions for Generic & Complex Dermatology products

Successfully Completed 15 Transdermal Patch Clinical Studies with **750** subjects

**87**

Dermatologists working across 40 sites

## Veeda's Expertise in Transdermal Drug Development

Transdermal Drug	Number of Subjects
Estradiol Transdermal System USP	64
Rotigotine	24
Methylphenidate	18
Estradiol Transdermal System USP	64
Ethinyl estradiol and Norelgestromin	36
Rivastigmine	60
Ethinyl estradiol and Norelgestromin	66
Rivastigmine	12
Scopolamine	36

## Proficiency in Topical Cream Studies

Drug	Number of Subjects
Iodex (Tingle)	80
Doxepin Cream	48
Ivermectin Cream	80
Lidocaine & Prilocaine cream	16
Ivermectin Cream	18

## Clinical Studies for Dermatology Drugs ; Presence across US, EU & Asia Pacific Regions

- Phase I Studies for Innovator Dermatology Drugs
- Healthy Volunteer Bioequivalence studies for Complex Dermatology Drugs

- Phase IV & PMS Studies for Dermatology Diseases
- Phase II - Phase III trials for various Dermatology Indications such as Psoriasis, Atopic Dermatitis, and Acne Vulgaris

## Veeda Group Advantage

Skilled personnel with focus on Continuous Professional Development

High Customer Centricity and Satisfaction

Extensive Scientific Competence to service a Diverse client base

One of the largest Independent Full Service CRO's in India

Robust Quality & Regulatory Compliance

One stop solution for complex studies

India: +91 79677 73000
